Physicians Success Partners (PSP): Your Trusted Partner in Medical Practice Growth

In today's fast-paced and competitive healthcare industry, medical practices need more than clinical expertise to thrive. They require reliable, efficient, and cost-effective business solutions that allow them to focus on patient care while ensuring financial success. That's where **Physicians Success Partners (PSP)** comes in — your comprehensive partner for medical billing, credentialing, revenue cycle management, virtual services, and digital marketing.

Who We Are

Physicians Success Partners (PSP) is a full-service healthcare business solutions company headquartered in Medina, Tennessee. With years of experience in the medical billing and healthcare support services industry, we've built a reputation for reliability, transparency, and tangible results. Our mission is to empower healthcare providers by streamlining operational processes, improving financial outcomes, and reducing administrative burdens.

We're not just a service vendor — we're an extension of your practice. Our team of certified billing professionals, credentialing experts, AR specialists, virtual scribes, and marketing consultants work alongside you to optimize every aspect of your business operations.

Our Core Services

At **Physicians Success Partners**, we offer a wide range of services tailored to meet the unique needs of medical practices of all sizes and specialties.

Medical Billing and Coding

Expert billing and coding services for all specialties, ensuring accurate claim submission, timely reimbursements, and compliance with CPT, HCPCS, and ICD-10 standards.

Credentialing and Enrollment

Complete management of provider credentialing, re-credentialing, CAQH profile updates, and insurance enrollments to keep your practice compliant and profitable.

Accounts Receivable Management

Proactive claims submission, follow-ups, denial management, and collections to maintain a healthy cash flow and reduce outstanding receivables.

Denial Management

Efficient identification, resolution, and prevention of claim denials, coupled with appeals management to maximize your revenue recovery.

Prior Authorization

Comprehensive management of insurance pre-approvals for medical procedures and treatments, reducing administrative delays and improving patient care workflows.

Verification of Benefits (VOB)

Accurate insurance eligibility and benefit verification services to ensure treatment coverage and minimize patient payment issues.

Virtual Medical Scribe

Real-time virtual scribing services to improve provider documentation efficiency and reduce EHR workload, allowing more face-to-face patient interaction.

Virtual Assistant

Administrative support services including appointment scheduling, patient communication, and data management to optimize office operations remotely.

Digital Marketing

Healthcare-focused digital marketing strategies including social media management, SEO, PPC, and online reputation management to help practices grow their patient base and enhance their online presence.

Specialties We Serve

We proudly offer billing and coding services for a variety of medical specialties, including but not limited to:

- Ambulatory Surgery
